EDUCATION

University of Michigan School for Environment and Sustainability (Ann Arbor, MI)

Master of Landscape Architecture, Master of Science, Conservation Ecology, May 2020

Research Assistant of Landscape Ecology Perception and Design Lab, SEAS

Coursework: Ecological Design Studios, Landscape Planning, Urban Stormwater: Science, Design, and Management, Urban Design Theories, Site Engineering, Principle of GIS, Ecological Restoration Applications.

Shanghai Jiao Tong University (Shanghai, China)

Bachelor of Environmental Art & Design, Jun. 2016

Leadership and Awards: ASLA Michigan Chapter Honor Award(2020), Track leader, elected to serve as class assistant to help to communicate among all majors in SEAS(2019), Spirit of Studio (2019), Student assistant (2012-2016), Outstanding Graduate (2016), Excellent Scholarship (2014 and 2015), National Scholarship, Ministry of Education (2013)

EXPERIENCE

SCAPE Studio, Extern, (New York, NY) Mar. 2020

- ♦ Assisted onsite inventories of ecological features and waterfront experience investigation for Financial District Resilience Plan of New York.

Skidmore, Owings & Merrill LLP, Landscape Intern, (San Francisco, CA) Jun.2019 – Aug. 2019

- ♦ Proposed 3D models for Shenzhen OCT Park design and experimented interactive landscape design.
- ♦ As a team member participated in Zhenzhou Financial District urban design competition and conducted landscape renderings, planting strategy plan. Assisted communication with client.

Michael Van Valkenburgh Associates, Intern (New York, NY) Mar. 2019

- ♦ Visualized perspectives for conceptual design for La Salle Park. Assisted physical model building for community engagement session.
- ♦ Provided the design concepts, plants combination and performance research for Obama Presidential Center planting.

Techand Ecology & Environment Co. Ltd, Intern (Shanghai, China) Jun. 2018 – Aug. 2018

- ♦ Proposed research and design of Water Garden at Design Dept. Researched pilot cases and performance evaluation methods. Closely cooperated with environmental engineers and helped produce a package of conceptual diagrams, typologies, grading plan, and details for structures and modules of streetscape furniture.

China Railway Real Estate Group, Intern (Shanghai, China) Mar. 2017 – Jun. 2017

- ♦ Collected information including photo and data for handout. Assisted the process of Second Phase of Baoshan Project and participated in the negotiation with the design institutions.

L&A Design Group, Intern (Shanghai, China) Aug. 2015 – Sept. 2015

- ♦ Participated in the concept design, analysis diagrams, plans, 3D models, perspectives for residential design projects.

MPG Group, Intern (Shanghai, China) Jun. 2015 – Aug. 2015

- ♦ Assisted the concept proposal and produced plans, models for high-end residential design projects.

Research and Design Projects

The 34th Annual Michigan ASLA Chapter Student Merit Award, 2019

CONFLUENCE: Design and Innovation for the Resilient Campus

- ♦ Presented a professional presentation to public audience and stakeholders on campus.
- ♦ As one of the leaders with an interdisciplinary team of 20 students to develop a campus master plan. Was responsible for the design process especially the analytical diagrams, frameworks and coordination.

International Architectural Design Workshop, Politecnico di Milano (Milan, Italy)

Reforming Urban Voids: Farini Rail Yard in Milan, May 2017

- ♦ Researched the history and the theories, debated internationally and proposed the strategic plan to define a series of new scenarios that can be modified and structured in different phases for the transformation

SKILLS SUMMARY

Computer Skills: AutoCAD, SketchUp, Arc GIS, Lumion, Rhino, Photoshop, Illustrator, InDesign, Enscape, Premiere, Microsoft
